

Wednesday Challenge Form

Group Members: Jaden, Elisabeth, Raul, Mason and Evan

Problem Statement: We had 3 straws handed to Us and have to make a perfect and exact 90 Degree angle

Approach: Well we didn't have a strategy We didn't even really focus on the challenge We just tried working on our websites instead. I had t to work on my website instead because I couldn't get the pictures to show.

Solution: We came in 3rd place which was a Surprise to me since we did it in 5 minutes.

Lessons Learned: I learned to procrastinate On things that are important.
